

## Capturas parte 1

The screenshot shows the Visual Studio Code interface. The top bar includes 'Terminal' and 'Help' menus. The file explorer on the left shows a project named 'Curso-git' with files 'style.css', 'Diario.txt', and 'index.html'. The 'Diario.txt' file is open in the editor, showing a list with two items: '1 Explorando git' and '2'. The terminal window at the bottom shows the following commands and output:

```
Yael@andrew-18 MINGW64 ~/Desktop/Curso-git (master)
$ git statis
git: 'statis' is not a git command. See 'git --help'.

The most similar command is
    status

Yael@andrew-18 MINGW64 ~/Desktop/Curso-git (master)
$ git status
On branch master
Changes to be committed:
  (use "git restore --staged <file>..." to unstage)
    new file:   Tarea1/Diario.txt

Yael@andrew-18 MINGW64 ~/Desktop/Curso-git (master)
$
```

```
$ git status
On branch master
Changes to be committed:
  (use "git restore --staged <file>..." to unstage)
    new file:   Tarea1/Diario.txt

Yael@andrew-18 MINGW64 ~/Desktop/Curso-git (master)
$ git commit -m "Dia uno Explorando git"
bash: commit: command not found

Yael@andrew-18 MINGW64 ~/Desktop/Curso-git (master)
$ git commit -m "Dia uno explorando git"
[master a7c1dda] Dia uno explorando git
 1 file changed, 1 insertion(+)
 create mode 100644 Tarea1/Diario.txt
```

```
Yael@andrew-18 MINGW64 ~/Desktop/Curso-git (master)
$ git add Tarea1/Diario.txt

Yael@andrew-18 MINGW64 ~/Desktop/Curso-git (master)

```

**Reflexión:**

**¿Qué sucedió cuando usaste git checkout para ir a un commit anterior? ¿Pudiste ver los cambios realizados hasta ese punto?**

**Si al usar el git checkout te vas a la versión seleccionada y se pueden ver en el .txt**

**Cuando deshiciste el último commit, ¿qué pasó con los cambios en diario.txt? ¿Y con la historia de tus commits?**

**Con git reset --hard "characters del commit" para eliminarlo completamente pero para solo deshacer el commit git reset "characters del commit"**
